## Georgia Governor Nathan Deal Presents Subluxation Awareness Proclamation to GCC

Atlanta, GA, State Capital, September 15, 2011: Georgia Governor, Nathan Deal, presented a proclamation at the GA State Capital to the officers and member of the Georgia Council of Chiropractic proclaiming September as Subluxation Awareness Month.

Present at the presentation were Georgia Council of Chiropractic President, Dr. Robert Braile, along with GCC Legislative Co-Chairmen, Dr. Lou Hilliard and Dr Brad Pizza. Other prominent members and officers of GCC were also present for the presentation as well as chiropractic students from Life University, School of Chiropractic.

The Governor's proclamation noted the importance of research on subluxations as well as the health concerns. His proclamation reads, "*Vertebral Subluxations were first discovered in September of 1895 and represent one of the most widely common and unknown disturbances of the human nervous system.*"

This historic proclamation represents the first known time that a Governor has made such a proclamation highlighting subluxations. It reads "*I Nathan Deal, Governor of the State of Georgia, do hereby proclaim September 2011 as Subluxation Awareness Month in Georgia.*"

The Georgia Council of Chiropractic was founded in 1982 and represents chiropractors from all over the state of Georgia. The GCC mission statement reads, "It is the mission of the Georgia Council of Chiropractic to preserve, promote and perpetuate the chiropractic profession as a separate and distinct healing art that focuses on the detection and correction of the vertebral subluxation complex without the use of drugs or surgical procedures. Furthermore, it is our mission to aid and support our member doctors in the practice of chiropractic and to protect the health and well-being of the general public."
